# About Koy Lab

Koy Lab is a company that specializes on printing and manufacturing digital photography albums. Founded in 1977 as a photo lab, by the hand of a professional photographer who wanted more than what he had available, we soon started our search for new challenges.

40 years have passed and we are still a family business, which we believe is one of the aspects that makes us unique. We preserve our heirloom and never let go of our past, which allowed us to get us where we have today, but we focus on the future, for which we work in the present.

By offering limitless ways for you to customize your albums, we enable you to deliver an outstanding product for your clients to preserve their most cherished moments. We use only the finest materials and provide endless possibilities. From weddings,

to newborn and maternity, family sessions and portfolios we have range of products that fits every single need, perfect for any occasion.

Our dedicated team works with joy. The joy of knowing that something passes through our hands that will create smiles, emotions, that will perpetuate that special moment, be it the wedding, the christening, the photo of your child or just your holidays.

We genuinely like what we do! We are artisans, we have fun showing what our customers' eyes see! We are a company of people who smile and are passionate about what they do!

With a touch of style and elegance, Deluxe Box allows the preservation of the album in a lasting and distinctive way. You can choose two materials for coverage to create unique combinations: one for wrapping the cover and another to create a vertical sidebar.

This is the perfect match for your DuoChik album. The secret to the DuoChik Box success is the combination of materials, which give it a personal style, adjusted to every client's desires. Choose the best image to be displayed in the center of the lid and frame it with two different overlaid bicast leathers.

# CLASSIC POSTERS // XPRESSPRINT

Our printing process is digital, which means that the printing is done directly on photographic paper. We use two high-quality digital printing methods - laser and inkjet.

**Laser printing:** used for printing in sizes up to 50cm wide, excluding Fine art paper.

**Inkjet printing:** used for printing in sizes bigger than 50 cm wide.
